

Single or double sided trolleys and containers

Art. 415 Trolley

Article 415 is a two-sided trolley made of tubular steel with a loading platform in Formica covered and trimmed block board and wooden slats fitted to the sides. The accurate construction technique and top-quality wheels make it easy to handle, strong and long-lasting, ensuring it remains easy to move even when fully loaded. Art. 415 is used in various product sectors and is suitable for handling moderately heavy loads.

- Painted.
- Platform in Formica covered and trimmed block board, 100x58 cm.
- Wooden slats fitted to the sides.
- Rubber wheels with thread guards.
