

Goods trolleys and containers

Art. 440 Trolley

Article 440 is a platform trolley made of steel wire mesh with a load-bearing structure and push handle in tubular steel. The special structure of the interwoven mesh, accurate construction technique and high-quality wheels make it light, easy to handle, strong and long-lasting. Art.440 is used in various product sectors and is even suitable for handling heavy loads.

- Painted - Rubber wheels with thread guards, 2 fixed and 2 revolving.
